Welcome to Warsaw

2018 Common Europe Congress

Over 75 sessions offered in 2 1/2 Days of education and delivered by industry leading speakers. CEC 2018 offers you new IBM education, real case stories, beginning to advanced topics, to timely technical content you can implement immediately upon your return to the office.

Session Schedule Now Available

A complete schedule is available online
at www.comeur.org

Below is just a small sample of sessions you won't want to miss:

- RPG Talks to Watson, Paul Tuohy
- Performance Optimization of your SQL Statements, Birgitta Hauser
- That Free Alternative Editor, Liam Allan
- IBM i in the Age of Digital Transformation, Alison Butterill
- IBM i Services, the Best of the Best, Scott Forstie
- My Favorite Things about RDi, Susan Gantner
- Understanding Git, Jesse Gorzinski
- Exploiting Free Tools, by Example, Jon Paris
- Answering Executive Questions about IBM i, Steve Will
- Visual Recognition on IBM i, Koen Decorte
- Who needs an Advanced Job Scheduler for i, Rudi van Helvoirt
- IBM i Services the future of systems management, Steve Bradshaw

For a full list and registration, please visit the www.comeur.org

For in-depth learning, add a pre-congress **workshop!**

Maximize your time at the congress and increase your return by adding a comprehensive workshop before the congress begins. Pre-congress workshops begin Sunday afternoon and offer you 4 additional hours of extensive education on a single topic.

Vendor Solution Center

CEC 2018 is proud to showcase IT solutions, services, and products in our Vendor Solution Center. Open on both Monday and Tuesday, visit with Europe's top technology companies at their booths or throughout the congress during networking events.

About Warsaw

No other city will surprise you as much as Warsaw! Well connected by train - 3 train stations in Warsaw providing international and intercity train services. Easy connection with 2 international airports - over 179 flight connections daily.

City attractions – new museums, GREAT FOOD and the newest opening of the Museum of Polish Vodka. Home of the Fryderyk Chopin Museum at the Ostrogski Palace - the world's richest and most varied collection of Chopin memorabilia. And countless other world renowned museums.

The Palace of Culture and Science - Breathtaking views of downtown Warsaw from observation deck.

Visit Warsaw's Old Town -the finest and most picturesque part of the city - built during the 12th to 13th century. See the most beautiful houses and palaces in the city, dine at the market square, or check out the most inspiring museums Warsaw has to offer.
